

## NEWS RELEASE

DECEMBER 5, 2008

Metalight Industries announces the receipt of authorization from UL India Private Limited, Bangalore, to use the Underwriters Laboratories UL and CUL mark for wet applications for Model Series 500, 600, and 700 ceiling pendant mounted luminaires in all of our manufacturing facilities in India. All collections currently have the dry approvals from UL.

UL India Pvt. Ltd. has advised Metalight Industries that they are the first manufacturer in India to receive the coveted UL and CUL authorized mark for wet locations.

Metalight Industries expects to have all its outdoor luminary collections made in India available with the UL and CUL wet approval in January 2009.

Wim Jessup  
Director of National Sales

### **About Metalight**

Metalight Industries is an independent manufacturer of high quality metal lighting fixtures and is in the process of expanding a nationwide network of distributors. Based in White Plains, NY with a service center in Secaucus, New Jersey, Metalight is equipped to satisfy the demands of specifiers and buyers across the country.

Metalight Industries offers you a broad range of creatively designed products for residential, as well as commercial applications. Designs include nautical, traditional and contemporary styles of lighting for interior and exterior use.
